TOPICS FOR DISCUSSION **MINUTES**

REVIEW PROPOSED
AMENDMENT FOR STATE
CONSTRUCTION CODE
ADOPTION ACT AND STATE
CONSTRUCTION CODE
SECTION 203(44)(e) – IPC
Section 1002.4

DECISIONS AND RECOMMENDATIONS

Approval of the minutes from the April 7, 2011 meeting was tabled until the next meeting as there was not a quorum present.

Those present reviewed the proposed amendment. Ray Moore presented information on the deep seal trap. He pointed out that the proposed amendment as amended does not address deep seal p-traps for larger pipes. Ray Moore recommended that the current amendment in 15A-3-310(e) not be changed. Then add a new amendment to 15A-3-302 which would read “In IPC, Section 202, the following definition is added: “Deep Seal Trap. A deep seal trap

means a trap having a liquid seal of four inches or more. A field assembled deep seal trap shall be assembled using a return bend and a minimum of one quarter bend, short sweep or long sweep.”

A poll was taken of those present as to whether or not they were in favor of the new proposals. The vote from all present was unanimously in favor of the proposals. The new proposals will be presented to the Commission.

Note: These minutes are not intended to be a verbatim transcript but are intended to record the significant features of the business conducted in this meeting. Discussed items are not necessarily shown in the chronological order they occurred.
